

The SoCalREN Public Agency Programs were created on the belief that public agencies can be powerful agents of change. Energy conservation at the local level gives communities direct, tangible benefits in the form of freed-up public resources. Take a look at what agencies enrolled in the SoCalREN Public Agency Programs accomplished together as a Network, and thanks again for joining us and making an impact.

Overall Program Impacts* on Communities Served

* Overall Program impacts determined based on energy savings and assumed benefits per kWh/therm reduced

This report was created by the SoCalREN Public Agency Programs and is for internal use only. Data as of October 2019. These Programs are administered by the County of Los Angeles and funded by California utility ratepayers under the auspices of the California Public Utilities Commission.

Below is a personalized status update for the City of Murrieta. Since the enrollment of Murrieta in December 2014, the SoCalREN Public Agency Programs have worked with the City of Murrieta to improve its energy efficiency and save money.
