

The SoCalREN Public Agency Programs were created on the belief that public agencies can be powerful agents of change. Energy conservation at the local level gives communities direct, tangible benefits in the form of freed-up public resources. Take a look at what agencies enrolled in the SoCalREN Public Agency Programs accomplished together as a network, and thanks again for joining us and making an impact.

Water/Wastewater Agency Leaderboard

Agency	% of Annual Energy Savings Since Enrollment	Total Annual Cost Savings	Incentives Reserved	Projects	Legend
 1 United Water Conservation District	28.2%	💰💰	💰💰💰	 x1  x5  x1	Legend  Exterior Lighting  Water/Pumping  Wastewater  Other  \$100,000
 2 Cucamonga Valley Water District	13.7%	💰💰💰💰💰💰	💰💰💰💰	 x13	
 3 Carpinteria Sanitary District	12.6%	📉	📉	 x1	

Additional SoCalREN member agencies: Channel Islands Beach Community Services District, Coachella Valley Water District, Eastern Municipal Water District, Foothill Municipal Water District, Goleta Sanitary District, Idyllwild Water District, Inland Empire Utilities Agency, Jurupa Community Services District, Las Virgenes Municipal Water District, Ojai Valley Sanitary District, Orange County Sanitation District, Pleasant Valley County Water District, Running Springs Water District, South Orange County Wastewater Authority, Tulare Irrigation District, Western Municipal Water District, Western Riverside County Regional Wastewater Authority and Yucaipa Valley Water District.

Note: % of Annual Energy Savings Since Enrollment includes projects that are completed and committed based on audits completed.

Overall Impacts on Communities Served

* Overall impacts determined based on energy savings and assumed benefits per kWh/therm reduced

Note: overall impacts determined based on energy savings and assumed benefits per kWh/therm reduced.

Below is a personalized status update for Eastern Municipal Water District (EMWD). Since the enrollment of EMWD in December 2013, SoCalREN Public Agency Programs have worked with EMWD to identify opportunities to improve energy efficiency and save money. With the proposed projects below, EMWD will save 2% of overall electric energy usage¹. Six projects and facilities identified for lighting retrofits include Perris Valley Regional Water Reclamation Facility (RWRF), Perris Water Filtration Plant (WFP), Hemet WFP, San Jacinto Valley RWRF, Perris Meniffee Desalter, & Temecula Valley RWRF.

Opportunities for Success

Status	Lighting	Mechanical	Street Lighting	Cost Savings*	Energy Savings*	Incentives	Financing
Planned	6 Projects / Facilities	-	-	\$122,707 Annual	1,022,559 kWh Annual	6 Applications TBD Dollar Amount	TBD
In Progress	-	-	-	-	-	-	-
Completed	-	-	-	-	-	-	-
Total	6 Projects / Facilities	-	-	\$122,707 Annual	1,022,559 kWh Annual	6 Applications TBD Dollar Amount	TBD

*Cost and energy savings are potential, based on each project's incentives estimates, completed audit or the SoCalREN Public Agency Programs project scoping tool.

Key Project Milestones

Key Milestones	Various Lighting (6 sites)
Energy Cost Savings	\$122,707
Comparative Energy Analysis	<i>Done!</i>
Energy Audit	<i>Done!</i>
Incentives & Funding Reserved	March 2021
Design & Proposal	May 2021
Council/Board Approval	Aug 2021
Construction Start	Sep 2021
Construction End	Nov 2021
Incentives & Funding Received	TBD

¹ These percentages are based on agency wide annual energy consumption at enrollment.
